

Dubuque County

West Campus Entry Requirements

Dubuque County wants to ensure that all members of the public and employees are safe while in county facilities. To accomplish this, there are several provisions in place including wearing a mask and social distancing practices that must be adhered to when in county buildings.

We're in this together to keep everyone safe and healthy.

Perform a self health check prior to entering the County facility

Do you have any of the following symptoms (Y or N)?

- | | |
|--|-----------------------|
| Temperature greater than 100.4° F (38.0°C) | Shortness of breath |
| New/change in cough | Sore throat |
| Headache | Chills |
| Body aches | Change in taste/smell |
| Other respiratory symptoms | |

If symptoms are present, ***do not enter the County building.*** Please contact the department by phone or email for information on how to complete your business.

Masks Requirements

You are required to wear a mask when conducting business in County facilities. Staff will have face coverings available at each location for those that do not have one on hand.

Social Distancing

Please practice social distancing while in County facilities. Remember to keep six feet apart while conducting business or waiting for service.

Department Contact Information
